Design Concept

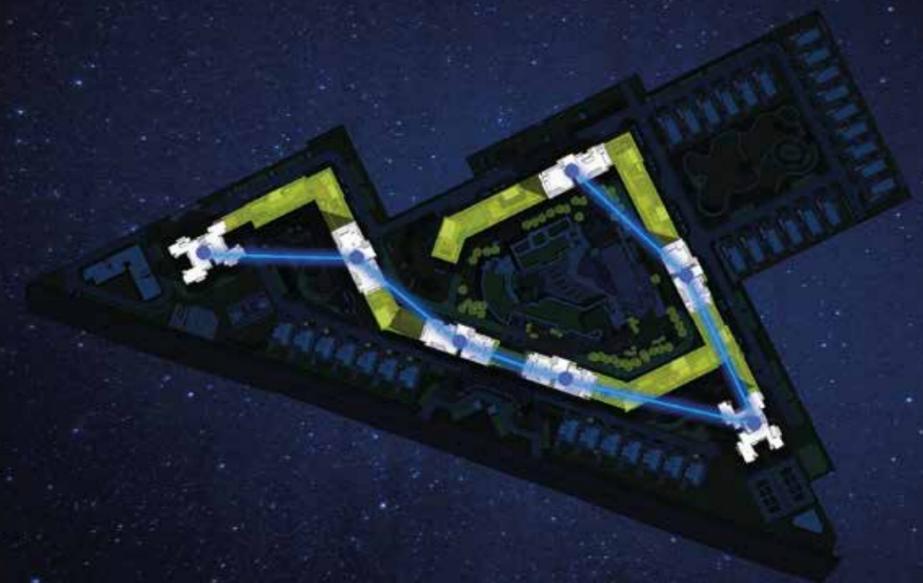

Design inspired by the Saptrishi Constellation.

The harmony of seven merges with nature to resonate the sound wind through these spaces & hence the name "Windchants".

Seven high-rise towers represent the seven stars that are part of the Great Bear (Saptrishi) Constellation.

The placement of towers in this formation maximises the natural daylight & air circulation.

Standalone high-rise towers ensuring unrestricted views of the landscape, Delhi Reserve Greens and the Delhi & Gurugram skyline.

Live Amidst Lush Greenery

Live Life While Walking Through Clouds

Perched on the seventh level is one of Asia's largest residential skywalks, which is surrounded by manicured gardens, herb gardens, and exotic flora. The 1.4 km to-and-fro skywalk gives its residents an opportunity to relax and unwind amid the clouds.

Artistic Image

An aerial night photograph of a modern duplex villas complex. The central feature is a large, irregularly shaped swimming pool with blue water, illuminated by underwater lights. To the left of the pool is a wooden pergola structure with a slatted roof. The surrounding area is landscaped with greenery, including palm trees and various plants, and is lit with warm, ambient lighting. The buildings are multi-story with large glass windows and balconies, some of which are illuminated from within. The overall scene is a high-end, luxurious residential development.

Uber Luxury Duplex Villaments
