The Retreat, Your new home is located in smart city, Faridabad, amongst the 3rd fastest growing cities in India. The presence of a high number of MNC's, close proximity to National Capital (New Delhi), unpolluted & un-congested environment, reputed after-work relaxation places (malls, pubs, clubs, restaurants) & lavish residential options which are more affordable than Delhi, make Faridabad & further Greater Faridabad one of the most sought-after destinations in NCR.
